Instructions for Filing
Application for the Registration of a Trademark
Chapter 6-2 of the General Laws of Rhode Island, 1956, as amended

The attached form is designed to meet minimal statutory filing requirements pursuant to the relevant statutory provision. This form and the information provided are not substitutes for the advice and services of an attorney and/or tax specialist.

All filings are public records under RIGL 38-2-1, et seq. This means all information is available to the public by a variety of methods including, without limitations, inspections at our office, telephone inquiries and electronically through our online database.

How to complete the form:

- All sections of the form **MUST** be completed.
1. Check the box to indicate if the applicant is an individual, partnership, corporation, limited liability company, union or association.
 - (a) List the full name of the applicant.
 - (b) List the entity name and state of formation, *if applicable*.
 2. List the principal business address.
 3. Describe the mark by first checking the box that best describes the type of mark you are filing. Second, describe the mark you are registering. The description legally defines your mark. Describe the mark in such a way that an individual can visualize the mark by reading the description without ever seeing a copy of the design/specimen.
 4. If your mark includes a generic word or image that cannot be claimed for your exclusive use, provide an appropriate disclaimer. A disclaimer does not remove the word or image from your mark but acknowledges the element of your mark that cannot be claimed for your exclusive use. If you are not disclaiming a portion of your mark, check the box labeled "No disclaimer required."
 5. Describe the specific goods your mark represents.
 6. Each category of goods corresponds to a class number. List one class number. Class numbers and descriptions are provided with these instructions (pg. 2). If your mark fits into two classes, you will have to file a separate application for each class.
 7. Check the box to indicate how the mark is being used. Check all boxes that apply.
 8. List the date the applicant (or the applicant's predecessor) first used the mark. If first use of the mark was in Rhode Island, list the same date in (a) & (b).
 9. If the applicant's predecessor first used the mark on one or both of the dates listed in section 8, state which use(s) were by a predecessor and identify the predecessor.
 10. The applicant or the applicant's authorized representative must agree to the statement listed in the acknowledgement.

Signature

The applicant must appear before a Notary Public to sign the Trademark application.

1. The applicant completes the "Applicant" section of the certificate.
2. The Notary Public administering the oath completes the "Notary" section of the certificate.

Samples (specimen):

Provide three (3) Specimens (samples) of the mark. Specimens should be clear photographs or copies of items (showing the mark being applied for) that are actually used by the applicant in commerce. The three identical specimens should be submitted one per page on 8 ½ x 11" paper. You may not staple, tape, or glue a physical specimen to a sheet of paper. Specimens you can submit for a trademark include the following:

- A label or tag affixed to the goods/products;
- A photograph of the mark affixed to the goods or containers for the goods.
- A clear photograph showing the use of the mark on the goods themselves when both the mark and the complete product are visible.
- A catalog where the entire mark, the goods and purchasing information are positioned together and clearly visible on the page.
- A clear photograph of a display on which the goods are positioned and the entire mark is prominently pictured in close proximity to the goods.
- A web page printout where the entire mark, goods/products, point-of-sale information and the applicant's web address is clearly visible on the page. (Social media is not acceptable).

These specimens are **never acceptable**:

- Camera-ready layouts or camera-ready art
- Drawings
- Blueprints
- Voided checks and deposit slips.
