AGENCY GUIDE RULES COORDINATORS

RHODE ISLAND RULES AND REGULATIONS

What is the Rhode Island Code of Regulations?

The Rhode Island Code of Regulations (RICR) is the official publication of the rules promulgated by State agencies, boards, and commissions. The RICR is a uniform code that provides access to all Proposed and Final Regulations filed under the Administrative Procedures Act.

The Department of State's Administrative Records Office (ARO) manages the RICR, which is updated daily and available to the public online.

What is the Administrative Records Office?

The ARO manages the process of regulations filed by State agencies with the Department of State to make government more transparent, accessible, and efficient.

What is the Administrative Procedures Act?

R.I. Gen. Laws Chapter 42-35, Administrative Procedures Act, governs the way Rhode Island State agencies, boards, and commissions may propose and promulgate rules.

What are an agency's responsibilities?

All agency responsibilities regarding rules and regulations can be found in the Administrative Procedures Act (<u>R.I.</u> <u>Gen. Laws Chapter 42-35</u>).

What do the OMB and the ARO review?

The Office of Management and Budget (OMB) facilitates the creation and refinement of regulations through a content review process to ensure a clear, predictable, and reliable regulatory system (EO 15-07).

The ARO facilitates a formatting review process for standardization and display in the RICR (R.I. Gen. Laws § 42-35-4(a)).

What is "Content"?

"Content" means any text or graphics of the rulemaking records that impacts the meaning and/or intent.

1 ADMINISTRATIVE RECORDS

1.1 History of Rhode Island Regulations

Date	Event
1956	Administrative Procedures Act (APA) Adopted For rules previously in effect, and going forward for Final Regulations, to be filed with the Department of State (DOS) and enacted on 01/01/1964.
2000	Rhode Island Small Business Regulatory Flexibility Act Adopted Small business regulatory review board established to consider requests from small business owners to review rules adopted by state agencies.
2001	Launch of 1 st Online Regulation Database While paper regulations are still the official copy, the online database makes regulations available for public accessibility and reference only.
2004	APA Amended Regulations are now to be reviewed by the Governor's Office and Economic Development Corporation (EDC) for small business impact before filing.
2010	Office of Regulatory Reform (ORR) Established (Executive Order 10-13) ORR established within the EDC to improve regulatory process.
2012	ORR Moved to the Office of Management and Budget (OMB)
2015	ORR Review (Executive Order 15-07) Requires most Executive departments, boards, and commissions with rulemaking authority to have rules reviewed by ORR before and after public comment.
2016	APA Amended Rewritten, based on <u>Uniform APA</u> , to revise the rulemaking process.
August 2018	Launch of Rhode Island Code of Regulations (RICR) Administrative Records Office (ARO) reviews rules for formatting compliance, maintains final rulemaking record copies and official copies of regulations, and maintains the online system to file and display regulations for public accessibility. Prior to this time, only agencies were responsible for maintaining all rulemaking records. Now, both the agency and the ARO maintain all rulemaking records.
2020	Emergency Rules Extended (Executive Order 20-72) Temporarily suspended a section of the APA allowing only one 60-day extension to allow for multiple extensions, if need be, due to the COVID-19 emergency.

2 RHODE ISLAND CODE OF REGULATIONS

2.1 About the RICR

The Rhode Island Code of Regulations (RICR) is the official publication of rules promulgated by State agencies, boards, and commissions. The Department of State's Administrative Records Office (ARO) manages the RICR, which is updated daily and available online at https://rules.sos.ri.gov/organizations.

Each rule published in the RICR is given a unique citation (XXX-RICR-XX-XX) which includes numbers for the Title, Chapter, Subchapter, and Part:

Title (Agency) Chapter (Function) Subchapter (Topic) Part (Regulation)

To view the additional information regarding the rulemaking process, definitions for the RICR, and FAQs, visit: https://rules.sos.ri.gov/organizations/help.

2.2 The Rulemaking Process

2.2.1 Beginnings of a Rule

An agency may only publish a rule for which it has statutory authority. Each Notice of Proposed Rulemaking must include the legal citation that authorizes the rule.

An agency may choose to employ an optional step in the rulemaking process for an Advanced Notice of Proposed Rulemaking (R.I. Gen. Laws § 42-35-2.5). This allows an agency to gather information related to the potential Rulemaking Action by soliciting comments and recommendations from the public before publishing the Proposed Rule and Notice of Proposed Rulemaking.

<u>Executive Order 15-07</u> requires most executive branch agencies to engage in the Office of Management and Budget's review process prior to filing regulations.

2.2.2 Preliminary Evaluations and Analysis

Before the rulemaking process begins, an agency must evaluate all alternative approaches, overlap or duplication with other statutes and rules and whether the Rule will have significant economic impact on small business.

2.2.3 Notice of Proposed Rulemaking

After an agency researches the issues and determines whether a new rule is necessary, it often proposes the new language along with a Notice of Proposed Rulemaking. These notices are published in the RICR, are readily available to the public, and contains details about the Proposed Rule including the Rule's purpose, its statutory authority, and how the public can submit a comment or get further information about the Proposed Rule from the agency, available in the Rulemaking Documents tab of the RICR website (§ 2.5.5 of this Guide).

2.2.4 Public Comment Period

For most rulemaking actions, agencies must accept comments from the public about the Proposed Rule. Agencies may choose to do so directly through the RICR, or by mail, fax, or email. If a Public Hearing is scheduled, the public can also submit comments via testimony at a Public Hearing. For most Rulemaking Actions, an agency must allow a minimum of thirty (30) days for public comment.

2.2.5 Public Hearing

An agency may schedule one (1) or more Public Hearings on the Proposed Rule. The date, time, and location of any scheduled hearing must be listed in the Notice of Proposed Rulemaking. The Public Hearing must be scheduled at least ten (10) days from the date the Notice is published and at least five (5) days before the Public Comment Period ends. An agency must also schedule a Public Hearing if the hearing is requested by twenty-five (25) people or by an organization with at least twenty-five (25) members (R.I. Gen. Laws § 42-35-2.8).

2.2.6 End of Public Comment Period

Once the Public Comment Period ends, the agency must review all comments received and evaluate whether to make logical changes to the rule based on those comments. The agency must also prepare a Concise Explanatory Statement including its reasons for not incorporating changes suggested by the public, if necessary, and a description of any changes made between the text of the Proposed Rule and the Final Rule to be filed with the DOS.

2.2.7 Final Rule Filing

The Final Rule must be filed no later than one hundred eighty (180) days after the end of the Public Comment Period in the RICR Filing System or the rule will be automatically terminated by the RICR System at that time (R.I. Gen. Laws § 42-35-4(c)). The Final Rule and its associated documents in the Rulemaking Record must be filed with the DOS for publication in the RICR to become effective (R.I. Gen. Laws § 42-35-2.3).

2.2.8 Emergency Rulemaking

According to R.I. Gen. Laws § 42-35-2.10, "if an agency finds that an imminent peril to the public health, safety, or welfare or the loss of federal funding for an agency program requires the immediate promulgation of an emergency rule..." the agency may proceed with the Rulemaking Action without a Public Comment Period or Public Hearing. Emergency Rules come into effect once they are signed by the Agency Head and the Governor or the Governor's designee. These rules are effective for up to one hundred twenty (120) days and may be extended once for an additional sixty (60) days.

2.3 RICR Classification System

The Rhode Island Code of Regulations (RICR) is a classification system that orders regulations by agency. Each agency is organized by its Title, then further organized into Chapters, Subchapters, and Parts, with each Part organized by Sections. All number representations for Titles, Chapters, Subchapters, or Parts must be whole numbers (decimal points are not permitted).

All rules are assigned an RICR citation using the Title, Chapter, Subchapter, and Part numbers. Sections may be cited after the Part number. For additional information, see § 5.2.1.3 of this Guide.

2.3.1 Title

A Title is the entity name, represented by a three-digit number for agencies with specific rulemaking authority granted by R.I. Gen. Laws.

The numbering scheme begins with 100 and increases by multiples of 2, 5, or 10, based on the entity type and its relationship to other entities in the RICR. The three-digit indicator allows for growth over time, including the placement of new agencies near related agencies (e.g., Title 210 has sub-agencies represented by 212, 214, etc.).

2.3.2 Chapter

A Chapter is a core function of the agency, which is represented by a two- or three-digit number.

Agencies can distinguish between functions by assigning a Chapter number using a skip ten (10) method (e.g., 10, 20, 30..., 110, etc.). This skip method allows room to insert new functions near related functions in the future. Agencies may use "00" and "N/A" as the Chapter name if there is no need to differentiate a topic.

2.3.3 Subchapter

A Subchapter is a topic area within the core function of the agency, which is represented by a two- or three-digit number.

Agencies can distinguish between topics by assigning a Subchapter number using a skip five (5) method (e.g., 05, 10, 15, etc.). Agencies may use "00" and "N/A" as the Subchapter name if there is no need to differentiate a topic.

2.3.4 Part

A Part is the individual rule regulating a specific topic, which is represented by a one-, two-, or three-digit number.

Agencies can distinguish between specific topics by assigning a Part number using a skip one (1) method without a leading zero (e.g., 1, 2, 3, etc., not 01, 02, 03, etc.).

Parts cannot be renumbered to accommodate repealed Rules, nor can Part numbers be reused if terminated before becoming effective. Once a Part number is used, it is in the RICR Filing System database and part of the permanent rulemaking records.

2.3.5 Section

Sections are the individual headings that make up a Part (rule), divided into six (6) levels, including four (4) paragraph levels:

- 1. **RICR Heading 1** (ex., #.1, #.2, #.3, etc.)
- 2. RICR Subheading/Subchapter (ex., #.#.1, #.#.2, #.#.3, etc.)
- 3. RICR Paragraph 1 (ex., A., B., C., etc.)
- 4. RICR Paragraph 2 (ex., 1., 2., 3., etc.)

- 5. RICR Paragraph 3 (ex., a., b., c., etc.)
- 6. **RICR Paragraph 4** (ex., (1), (2), (3), etc.)

Agencies should make every attempt to limit the number of section levels to no more than four (4) paragraph levels to reduce regulatory volume while maintaining readability. In the rare case where additional levels are required, there are two (2) additional paragraph levels available:

- 7. **RICR Paragraph 5** (ex., (A), (B), (C), etc.)
- 8. RICR Paragraph 6 (ex., (i), (ii), (iii), etc.)

2.4 Locating Regulations

For regulations filed since 2001, there are two (2) ways to find them in the RICR:

- 1. Browse an agency's rules by exploring the Parts listed within their Title's Chapters and Subchapters in the RICR Table of Contents; or
- 2. Use the <u>search feature</u> to search a specific keyword or RICR citation.

2.4.1 RICR Table of Contents (2001-Current)

To browse a specific agency's rules:

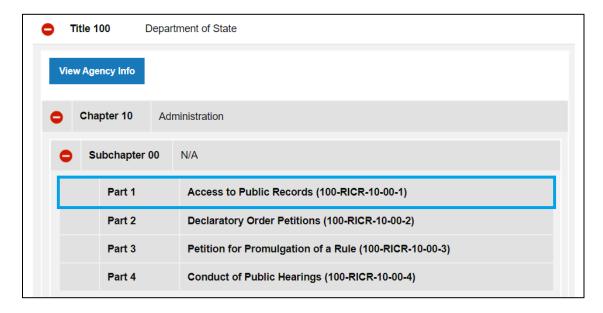

- 1. Go to: https://rules.sos.ri.gov/Organizations.
- 2. Locate the Title of the agency of interest either by scrolling through the agency or using the **Filter by Agency** search box:

3. Click the plus (+) button to toggle open the agency's Title to view the Chapters (click the minus (-) button to toggle the Title closed again):

4. Continue to toggle open the associated Chapter and Subchapter, and click on the Part to view the Regulation:

2.4.2 RICR Search (2001-Current)

There are multiple ways to find RICR rules using the search feature. To search, go to https://rules.sos.ri.gov/Organizations and navigate to the **Search Regulations** box:

1. If you know the unique RICR citation for the rule:

2. If you do not know the RICR citation, but know the name of the rule: Type in keywords and click **Search** to view a list of related regulations.

3. To view all rules for a specific agency:

Select the agency from the dropdown, type in keywords if known and/or click **Search** to view all related regulations with that specific agency.

4. To view all RICR rules:

Do not type any text or select an agency, just click **Search** with empty fields.

When viewing the **Search Results**, to further narrow down the list of regulations, click to sort between **Active** (all Rulemaking Actions and Types, § 3 of this Guide), **Emergency**, **Proposed**, and **Inactive**:

NOTE: The search function will not recognize two different keywords at once (i.e., "fishing and hunting" will not search simultaneously for results containing both of those terms).

Additionally, the search will scan the entire text of all rules and weight the results first by rules that contain the keyword in the Part name, then by rules which contain the keyword in the full text of the Part.

2.4.3 Historic Regulations (1950-2001)

Since 2001, regulations have been filed electronically and are available in the RICR. To view rules filed with the Department of State in early 2001 and prior:

- 3. Signed by the DOS to be published in the RICR.

*General Officer rules, Judiciary rules, and APA Exempted Rulemaking excluded.

<u>Click here</u> to view a visual timeline for each Rulemaking Action, for example:

3.3.1 Proposed Regular Rulemaking

This is the most common type of rulemaking. This Rulemaking Action includes:

The Final Rule becomes effective after the 20-day minimum waiting period, starting from when the DOS signs the Regulation, after the above process and the Agency Head signs the rule.

3.3.2 Proposed Direct Final Rulemaking

This is only to be used when the rule is expected to be non-controversial. If the rule receives any objections in the Public Comment Period, the rulemaking process must restart from the beginning using Proposed Regular Rulemaking (R.I. Gen. Laws § 42-35-2.11).

This Rulemaking Action includes:

- 1. OMB Initial Review (up to 30 days);
- 2. DOS Drafts Verification (up to 5 days);
- 3. Public Comment Period (30-day minimum);
- 4. DOS Final Review (up to 5 days).

3.3.3 Emergency Rulemaking

This is only to be used if an agency finds that there is an imminent peril to public health, safety, or welfare or the loss of federal funding for an agency program and requires an immediate promulgation (R.I. Gen. Laws § 42-35-2.10).

An Emergency Rule may be effective for one hundred twenty (120) days, renewable once for sixty (60) days.

This Rulemaking Action includes:

- 1. OMB Initial Review (up to 30 days);
- 2. OMB Extension Review (up to 30 days, optional).

The Final Rule becomes effective as soon as the Agency Head and Governor's Office signs the Regulation, after the above process.

3.3.4 Advance Notice of Proposed Rulemaking

This is an optional process if an agency chooses to gather information and solicit comments from the public before promulgating (R.I. Gen. Laws § 42-35-2.5).

If an agency chooses to hold a Public Hearing regarding an Advance Notice of Proposed Rulemaking, the hearing must be posted to the <u>Open Meetings database</u> in accordance with the Open Meetings Act (<u>R.I. Gen. Laws Chapter 42-46</u>). This Rulemaking Action includes:

- 1. Public Comment Period (1-day minimum);
- OMB Initial Review (up to 30 days);
- 3. DOS Drafts Verification (up to 5 days);
- 4. Public Comment Period (30-day minimum);
- 5. OMB Final Review (up to 30 days); and
- 6. DOS Final Review (up to 5 days).

This Rulemaking Action follows the same process as Proposed Regular Rulemaking after the initial advanced Public Comment Period, and the Final Rule becomes effective after the 20-day minimum waiting period, starting from when the DOS signs the Regulation, after the above process and the Agency Head signs the rule.

3.3.5 APA Exempted Rulemaking

None of the provisions of <u>R.I. Gen. Laws Chapter 42-35</u> shall apply to the agencies listed in <u>R.I. Gen. Laws § 42-35-18(b)</u>, as they are exempt (<u>R.I. Gen. Laws § 42-35-18</u>).

If agencies listed use the RICR to file rules, this Rulemaking Action includes:

1. DOS Review (up to 5 days).

This Rulemaking Action does not require an OMB content review, includes no Public Comment period, and the Final Rule becomes effective either immediately or after an optional waiting period, as requested by the agency, after the above process and the Agency Head and DOS signs the rule.

3.3.6 Technical Revision

Minor non-substantive corrections, including typographical, grammatical, or formatting errors, may be made to final rules (R.I. Gen. Laws § 42-35-4(b)).

This Rulemaking Action includes:

1. DOS Review (up to 5 days).

This Rulemaking Action does not require an OMB content review, includes no Public Comment Period and no waiting period, and the Final Rule's Effective Date will be set to the same Effective Date of the original filing that required the Technical Revision, after the above process.

3.3.7 Periodic Refile

All rules that are on file with the DOS must be refiled on the first Tuesday in January of every successive fifth year, starting January 2007 (R.I. Gen. Laws § 42-35-4.2).

This Rulemaking Action includes:

1. DOS Review.

This Rulemaking Action does not require an OMB content review or DOS formatting review, includes no Public Comment Period and no waiting period, and the Final Rule's Effective Date will be set to the first Tuesday in January of every successive fifth year.

The Department of State has provided a sample <u>Concise Explanatory Statement</u>, intended as a tool for agencies' use when filing their rule as required in <u>R.I. Gen. Laws</u> § 42-35-2.6. Agencies are not required to use the sample when filing their rule.

5 FORMATTING REGULATIONS

5.1 Required Formatting

Formatting requirements ensure rules display interactively correctly in the RICR and so that the RICR has a uniform style for public accessibility using ADA standards.

5.1.1 Track Changes

All text changes must be notated using Microsoft Office's Track Changes feature:

- Adoptions must display all text underlined, as the entire document is new text.
- Amendments must display a combination of underlined and struck out text.
- Repeals must display all text struck out, as the entire document is deleted text.

Track Changes will display the following once text is added, moved, or deleted:

- Added text: Example
- Moved text original location (if text is highlighted and dragged): Example
- Moved text new location (if text is highlighted and dragged): <u>Example</u>
- Deleted text: Example

To turn on Track Changes, click **Review** > **Track Changes** > **For Everyone**:

Before making any changes, click **Review** > **All Markup** > **No Markup** for ease of use:

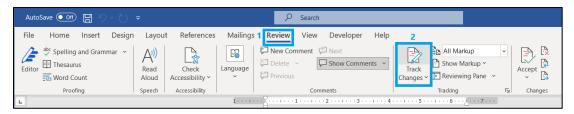

This will show what the rule will look like once all changes are accepted so the document is easier to edit. Switch back to **All Markup** for the changes to display.

5.1.1.1 Track Changes FAQ

What if an adoption didn't use Track Changes?

To fix a document to ensure all text is underlined using Track Changes:

1. If already on, turn off Track Changes by clicking Review > Track Changes:

- 2. Highlight all text (Ctrl+a) and cut (Ctrl+x) to delete and copy the text.
- 3. Turn on **Track Changes** by clicking **Review** > **Track Changes** (see above).
- 4. Paste (Ctrl+v) the text back into the document, which will underline all text.

What if an amendment didn't use Track Changes?

The easiest way to ensure text is correctly underlined or struck out using Track Changes is to download the rule from the RICR Filing System again (§ 5.1.2.2 of this Guide), turn Track Changes on, and manually replicate all changes from the previously used document to the new document.

What if a repeal didn't use Track Changes?

To fix a document to ensure all text is struck out using Track Changes:

- 1. Highlight all text (Ctrl+a) and cut (Ctrl+x) to delete and copy the text.
- 2. Turn off Track Changes by clicking Review > Track Changes:

- 3. Paste (Ctrl+v) the text back into the document.
- 4. Turn on **Track Changes** by clicking **Review** > **Track Changes** (see above).

The <u>RICR Template</u> has regulation document, margin, and font requirements built in:

Document Requirements:

Rules must use the **Word Document** file type (.docx) upon saving.

Margin Requirements:

Rules must be set to use **Normal** (1") margins. To verify or to fix the margins:

1. Click **Layout** > **Margins**, and if not set to **Normal**, click within the text, highlight all text (**Ctrl+a**), and click **Margins** > **Normal** to correct the margins:

Font Requirements:

Each RICR style (§ 5.1.3 of this Guide) will automatically format text with the required font, font color, font style, font size, and font spacing.

The below is for <u>informational purposes only</u> to identify when a style is not correctly implemented, not to be manually implemented within a rule. **RICR styles are required.**

	RICR Number	RICR Title Number	RICR Chapter Number	RICR Subheading/ Subchapter	_	RICR Heading 1	RICR Paragraph 1-6
Font:	Arial						
Color:	Black (Hex #000000)

5.1.2.1 Proposed Adoptions

Adoptions must be drafted using the RICR Template. Click here to download.

If an adoption is drafted outside of the RICR Template, contact the <u>Administrative</u> <u>Records Office</u> for assistance merging the drafted text into the RICR Template.

NOTE: Emergency Rules use the Proposed Rule process only, and will not have a Final Rule draft, as the document must display the changes between the previous promulgation, if applicable, and the new Emergency Rule in the RICR.

APA Exempt Rules use the Proposed Rule process to **draft** the rule, but it uses the Final Regulation process to **save** the rule, as the document must display the rule with all changes accepted in the RICR. See § 5.1.2.4 of this Guide for saving procedures.

To get started:

1. Open the RICR Template and replace the first five lines with the applicable regulation information in uppercase text:

###-RICR-##-##-#

TITLE ### – AGENCY NAME

CHAPTER ## - CHAPTER NAME

SUBCHAPTER ## - SUBCHAPTER NAME

PART # - PART NAME

- a. Replace the first line with the **RICR Citation**. (i.e., 216-RICR-10-05-1)
- b. Replace the second line with the **Title Number** and **Agency Name**. (i.e., TITLE 216 DEPARTMENT OF HEALTH)
- c. Replace the third line with the **Chapter Number** and **Name**. (i.e., CHAPTER 10 PUBLIC HEALTH ADMINISTRATION)
- d. Replace the fourth line with the **Subchapter Number** and **Name**. (i.e., SUBCHAPTER 05 PRACTICES AND PROCEDURES)

- e. Replace the fifth line with what the **Part Number** and **Name** will be*. (i.e., PART 1 ACCESS TO PUBLIC RECORDS)
 - *Always check the RICR Filing System to ensure the Part number is available before drafting the rule as detailed in § 6.3 of this Guide.
- 2. For each new section, replace # with the Part number and replace **Heading** with the section name (i.e., #.1 **Heading** > 7.1 **Authority**):

#.1 Heading

 OPTIONAL: If using subsections, replace # with the Part Number and replace Subheading with the subsection name (i.e., X.1.1 Subheading > 7.1.1 Use):

#.1.1 Subheading (optional)

4. Add each paragraph of text (a.k.a. section) based on the correct paragraph level (§ 5.1.3.1 of this Guide) using the corresponding enumeration designation (§ 5.1.4 of this Guide):

- a. Every section must have its own corresponding enumeration designation for citation purposes and to display correctly in the RICR.
- 5. Hit **Enter** or **Return** on the keyboard once to start a new section. Do not insert an additional hard return in between paragraphs by hitting **Enter** or **Return** on the keyboard twice.
- 6. Save As using the correct file name (§ 5.1.5 of this Guide).

Do not accept any changes before uploading to the RICR Filing System.

By leaving on **Track Changes**, this displays the proposed changes and ensures the final Rulemaking Record will include the changes between the Proposed and Final Regulations.

5.1.2.2 Proposed Amendments

Amendments must be drafted using the currently active promulgation's Final Rule document.

NOTE: Emergency Rules use the Proposed Rule process only, and will not have a Final Rule draft, as the document must display the changes between the previous promulgation, if applicable, and the new Emergency Rule in the RICR.

APA Exempt Rules use the Proposed Rule process to **draft** the rule, but it uses the Final Regulation process to **save** the rule, as the document must display the rule with all changes accepted in the RICR. See § 5.1.2.4 of this Guide for saving procedures.

By downloading the document directly from the RICR Filing System, this ensures the correct document is used to draft the new promulgation for the same Part.

To download and use the currently active promulgation's Final Rule document:

- 1. Log in to the RICR: https://rules.sos.ri.gov/.
- 2. Locate the Part in the **Current Rules** tab by clicking the **Title**, **Chapter**, and **Subchapter**.
- 3. Click the **Download Document** icon next to the Part name (paper with blue arrow):

4. Open the document, ensure **Track Changes** is turned on (§ 5.1.1 of this <u>Guide</u>), and add, edit, or delete text as needed.

5. If adding new sections, add based on the correct paragraph level (§ 5.1.3.1 of this Guide) using the corresponding enumeration designation (§ 5.1.4 of this Guide):

- a. Every section must have its own corresponding enumeration designation for citation purposes and to display correctly in the RICR.
- b. Ensure enumeration designations and citations are updated as needed if sections are added between other sections.
- c. Hit **Enter** or **Return** on the keyboard once to start a new section. Do not insert an additional hard return in between paragraphs.
- 6. If deleting entire sections, replace section text with "Repealed." to ensure citations are not invalidated by renumbering the entire rule. For example:
 - 3.2 Repealed.
- 7. Save As using the correct file name (§ 5.1.5 of this Guide).

Do not accept any changes before uploading to the RICR Filing System.

By leaving on **Track Changes**, this displays the proposed changes and ensures the final Rulemaking Record includes the changes between the currently active promulgation and the Final Regulation and additionally between the Proposed and Final Regulations.

5.1.2.3 Proposed Repeals

Repeals must be drafted using the currently active promulgation's Final Rule document.

NOTE: Emergency Rules use the Proposed Rule process only, and will not have a Final Rule draft, as the document must display the changes between the previous promulgation, if applicable, and the new Emergency Rule in the RICR.

APA Exempt Rules use the Proposed Rule process to **draft** the rule, but it uses the Final Regulation process to **save** the rule, as the document must display the rule with all changes accepted in the RICR. See § 5.1.2.4 of this Guide for saving procedures.

By downloading the document directly from the RICR Filing System, this ensures the correct document is used to draft the new promulgation for the same Part.

To download and use the currently active promulgation's Final Rule document:

- 1. Log in to the RICR: https://rules.sos.ri.gov/.
- 2. Locate the Part in the **Current Rules** tab by clicking the **Title**, **Chapter**, and **Subchapter**.
- 3. Click the **Download Document** icon next to the Part name (paper with blue arrow):

- 4. Open the document, ensure **Track Changes** is turned on (§ 5.1.1 of this Guide), highlight the text (**Ctrl+a**), and hit **Delete** or **Backspace** on the keyboard to delete all text.
- 5. Save As using the correct file name (§ 5.1.5 of this Guide).

Do not accept any changes before uploading to the RICR Filing System.

By leaving on **Track Changes**, this displays the proposed changes and ensures the

final Rulemaking Record includes the changes between the currently active promulgation and the Final Regulation and additionally between the Proposed and Final Regulations.

5.1.2.4 Final Regulations

Final Regulations must be drafted using the exact Proposed Rule that was displayed in the RICR during the Public Comment Period, if applicable.

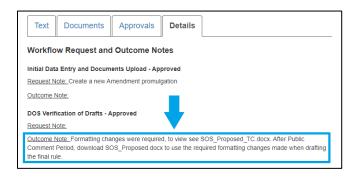

- If formatting changes were not required from the Administrative Records Office (ARO), this means the agency must use the document that was uploaded in the RICR Filing System for the Public Comment Period.
- If formatting changes were required from the ARO, this means the document used for the Public Comment Period is different than what the agency uploaded, and the correct document must first be downloaded to draft the Final Regulation.

To identify which document to use:

- 1. Log in to the RICR: https://rules.sos.ri.gov/.
- 2. Locate the Rule within the **Work Queue** tab by clicking the **Title**, **Chapter**, **Subchapter**, and **Part**:

Click the **Details** tab and scroll to view the **Workflow Request and Outcome** Notes:

4. The most recent notes will be at the bottom:

If the note indicates formatting changes were not required, use the document the agency uploaded for the Public Comment Period to draft the Final Regulation.

If the note indicates formatting changes were required, complete the following to download and use the correct document.

a. Click the **Upload Documents** icon (piece of paper with blue arrow):

b. Download the most recent **Regulation** Word Document (file at the top of the list ending in .docx) to draft the Final Regulation.

Once the correct document is identified to draft the Final Regulation, use the steps in § 5.1.2.2 of this Guide to amend the text (not permitted for <u>Direct Final Rulemaking</u>).

Save two versions of the Final Rule:

- 1. Track Changes Version (with changes not yet accepted); and
- 2. **Clean Version** (with all changes accepted).

Use the required filing naming conventions to differentiate between the two Final Rules saved (§ 5.1.5 of this Guide).

By uploading a version with **Track Changes**, this ensures the final Rulemaking Record includes the changes between the Proposed and Final Regulations by the agency, and the formatting changes by the Department of State.

During the final rule review, the ARO will:

- 1. Apply any required formatting corrections to the agency's Clean Version;
- 2. Upload a Track Changes Version with the formatting corrections; and
- 3. Upload a Clean Version with the formatting changes.

The ARO's Clean Version is the Final Regulation version that displays in the RICR.

5.1.3 RICR Styles

All regulation text must use a corresponding RICR style to format the text. The RICR styles must be applied using the Styles window within the Home tab ribbon, not the Design tab ribbon, within Microsoft Word.

To open the Styles window:

1. Click the small arrow at the bottom-right corner of the Styles section:

2. This will pop out the Styles window. If the Styles window is floating above text, click and drag the Styles window to the upper-right side of the Microsoft Word document to lock the window to the sidebar to prevent the floating window from covering text:

5.1.3.1 Required Styles

All approved RICR styles begin with "RICR" then the name of the style:

RICR Style Name	Used For	Additional Information		
RICR Number	RICR citation	Format: ###-RICR-##-##-#		
RICR Title Number	Agency number & name	Title number set by the ARO ex. 280 - Department of Revenue		
RICR Chapter Number	Function number & name	Do not use leading zeros ex. 20 - Division of Taxation		
RICR Subheading/Subchapter	Topic number & name	Use leading zeros ex. 05 - Banks		
RICR Part	Rule number & name	Do not use leading zeros ex. 1 - Bank Deposits Tax		
RICR Heading 1	Heading title	Starting with Part#.1 (i.e., 2.1)		
RICR Subheading/Subchapter*	Subheading title	Starting with Part#.#.1 (i.e., 2.3.1)		
RICR Paragraph 1	Section level 1 text	Starting with "A."		
RICR Paragraph 2*	Section level 2 text	Starting with "1."		
RICR Paragraph 3*	Section level 3 text	Starting with "a."		
RICR Paragraph 4*	Section level 4 text	Starting with "(1)"		
RICR Paragraph 5**	Section level 5 text	Starting with "(A)"		
RICR Paragraph 6**	Section level 6 text	Starting with "(i)"		
RICR Text	Table text	For use within tables only		

^{*}Optional level, available to use if needed.

Section levels must use the letter/number and include a period after or be within parentheses, not both. No period should be added if the style uses parentheses (i.e., use "(1)", not "(1.)").

Any style not listed above is prohibited, as the text will not display in the RICR.

^{**}Agencies should make every attempt to limit the number of section levels to no more than four (4) paragraph levels to reduce regulatory volume while maintaining readability.

5.1.3.2 Using Styles

There are two ways to apply RICR styles, to either apply the style first before typing or to apply it after typing or pasting text.

To apply the RICR style before typing text:

1. Click the corresponding **RICR style** in the Styles window to apply the required formatting:

2. Type text as needed.

To apply the RICR style <u>after</u> typing or pasting text:

- 1. Highlight the text.
- 2. Click the corresponding **RICR style** in the Styles window to apply the required formatting:

3. Depending on what formatting may have carried over from pasting, the RICR style may have to be clicked twice to first remove previous formatting and then again to apply the correct formatting.

5.1.3.3 Style Exceptions

Bold, italics, and underlining may not be used for emphasis. Only the following limited exceptions are permitted:

- Italics for Latin, legal, scientific, or medical terminology; or
- **Bold** for headings within tables.

NOTE: For ease of use, complete the following steps after all other content is added, edited, or removed, to avoid repeating the process of applying limited exceptions multiple times.

To apply a limited exception:

1. Click the **A** icon with a **green** checkmark at the bottom of the Styles window to manage styles:

2. In the **Restrict** tab, uncheck **Limit formatting to permitted styles**, and click **OK** to temporarily allow non-RICR styling:

- 3. Highlight the applicable text and apply the exception formatting, as permitted above.
- 4. After all text has had exception formatting applied, click the **A** icon with a **green** checkmark at the bottom of the Styles window to manage styles again to reset the required RICR styles:

5. In the **Restrict** tab, check **Limit formatting to permitted styles**, and click **OK** to continue editing the document:

5.1.3.4 RICR Styles FAQ

What if extra non-RICR styles are displaying?

If extra styles are displayed in the Styles window, complete the following to lock the document to only display the required RICR styles for ease of use:

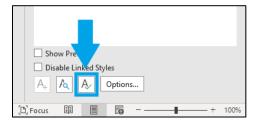

1. At the bottom of the Styles window, click **Options**:

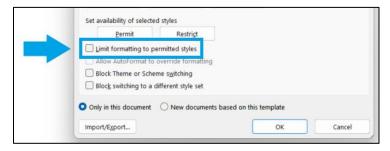

2. In the **Select styles to show** dropdown, select **In current document**, and click **OK** to display all styles currently used in the document.

3. Click the **A** icon with a **green** checkmark at the bottom of the Styles window to manage styles:

4. In the **Restrict** tab, check **Limit formatting to permitted styles**, and click **OK** to continue editing the document:

5. If additional styles still display, <u>email the Administrative Records Office</u> (ARO) to update the document to remove the additional styles.

What if there are missing RICR styles?

If there are missing RICR styles after completing the above, there are two options:

• Adoptions & Repeals

Download the <u>RICR Template</u> and copy and paste the text into the downloaded document using the steps found in § 5.1.1.1 of this <u>Guide</u> to ensure all text is either underlined for adoptions or struck out for repeals.

Amendments

<u>Email the document to the ARO</u> requesting all missing RICR Styles to be merged into that document.

5.1.4 Section Enumeration Designations

Each section (paragraph) in a rule must have its own corresponding number or letter designation for citation purposes and to display correctly in the interactive RICR.

Section levels must use the associated letter/number and either include a period after or be within parentheses, as listed in the table in § 5.1.3.1 of this Guide. No period should be added if within parentheses (i.e., use "(1)", not "(1.)").

Enumeration designations must be sequential (i.e., "A.", "B.", "C.", etc.). Do not skip letters or numbers when assigning initial section enumeration designations within Adoptions, or when adding sections in Amendments.

5.1.4.1 Adding Enumeration Designations

Enumeration designations must be added manually, as automatic numbering is not permitted ($\S 5.3.1$ of this Guide).

To add an enumeration designation:

- 1. Use the table in § 5.1.3.1 of this Guide to determine the starting enumeration designation for the heading or paragraph level needed.
- 2. Click the location in the document where text needs to go and apply the associated RICR style for the heading or paragraph level.
- 3. Type the starting enumeration designation, as noted in the table.

 Do not add a space after the enumeration designation or before the text.
- 4. Insert one (1) **Tab** on the keyboard after the enumeration designation to align the section text.

 Do not use the ruler or a tab before the enumeration designation to align.

#.1 Heading text would go here
#.1.1 Subheading text would go here
A Paragraph 1 text would go here
1. Paragraph 2 text would go here
a. Paragraph 3 text would go here

- 5. Type text to complete the section or paste text and apply the correct RICR style (§ 5.1.3.2 of this Guide).
 - a. The subsequent lines of text in the section will automatically indent, and no additional inserted tabs are necessary until the next section.
- 6. Repeat steps 1 through 5 as needed, increasing the enumeration designation sequentially for each subsequent section.
 - a. For letters, if sections surpass the end of the alphabet, continue by using double letters sequentially (i.e., "AA.", "BB.", "CC.", etc.).

When deleting an entire section:

- 1. Keep the enumeration designation.
- 2. Replace section text with "Repealed." to ensure citations are not invalidated by renumbering the entire rule. For example:
 - 3.2 Repealed.

5.1.5 File Naming Conventions

For ease of identification and to distinguish files within the RICR Filing System, use the following file naming conventions, which will also assist in agency folder organization.

Adoptions

5.1.6 How to Verify Required Formatting

To verify all text is using an RICR style and every section has an enumeration designation:

- 1. Click Options>Advanced
- 2. Scroll down to **Display**
- 3. Set the **Style Area Pane** to 1" or more.

4. Click View > Outline:

5. Scroll to check that all text has the correct **RICR style** applied (first column) and every section has an **enumeration designation** (second column):

AGENCY GUIDE: RULES COORDINATORS

6. To exit back to normal view, click within the line of text to the right of the second column to see it in normal view and click **Close Outline View**:

7. Repeat steps 1 through 3 to fix each section as necessary to use the correct RICR style and add any missing enumeration designations.

5.2 Permitted Formatting

The following content may be used within rules. If used, the content must be formatted as described below to display the rule correctly in the RICR to view the rule interactively and to ensure consistency across all promulgated regulations.

For questions regarding **permitted content**, contact the Office of Management and Budget at omb.regsubmission@omb.ri.gov.

For questions regarding **the formatting of permitted content**, contact the Administrative Records Office at <u>rulesregs@sos.ri.gov</u>.

5.2.1 Citations

Citations are permitted if formatted per § 5.2.1.3 of this Guide to ensure a consistent, uniform system throughout the RICR so other agencies and the public can easily identify and locate the original source.

The citation formats outlined have taken into consideration:

- Ease for the non-lawyer reader;
- Ease for the non-lawyer agency drafter;
- Ease for the out-of-state reader;
- How other states cite within their rules; and
- The requirements of the Rhode Island Administrative Procedures Act.

NOTE: Many citations include the section symbol (§). The section symbol must always have a space before and after when used. To insert a section symbol, use shortcut **Alt+0167** on the keyboard.

If citing multiple sections, the citation must include two section symbols with no space between (i.e., R.I. Gen. Laws §§ 42-35-1 and 42-35-3.2).

5.2.1.1 Direct Citation vs Incorporation by Reference

The Rhode Island Administrative Procedures Act (APA) allows agencies to incorporate certain source materials by reference (§ 5.2.1.2 of this Guide).

To determine if materials should be directly cited or incorporated by reference, the type of source material needs to be identified. The following source materials may be incorporated by reference without having to include the incorporated material in full (R.I. Gen. Laws §§ 42-35-3.2(a)(1) through (3)):

- (1) Federal rules, codes, or standards published in full in the Federal Register or the Code of Federal Regulations;
- (2) Federal rules, codes, or standards that have been properly incorporated by reference in the Federal Register as part of a duly promulgated final rule or in the Code of Federal Regulations pursuant to federal legal requirements; and
- (3) Published codes, standards or guidelines of any nationally recognized scientific or technical association or organization.

This means the following published sources may be incorporated by reference:

- Code of Federal Regulations (C.F.R);
- United States Code (U.S.C.);
- Materials incorporated in the C.F.R.; or
- Codes, standards or guidelines published by nationally recognized scientific or technical associations or organizations.

By incorporating these materials by reference, this allows agencies to give any of the above full legal effect and force of law so that the agency can enforce compliance.

Only the following published sources may be cited without formally incorporating:

- Rhode Island statute;
- Rhode Island regulation; or
- Federal statute.

Since **State and Federal statutes** already have the force of law behind them, they do not need to be incorporated formally.

Since **Rhode Island Regulations** are analogous to state statutes, in that they already have the force of law behind them on a statewide level, they do not need to be incorporated formally, which helps to avoid conflicting rules in the RICR.

NOTE: Guidance documents, agency policies, or agency guidelines may not be cited or incorporated by reference.

5.2.1.2 Incorporation by Reference

The APA allows for agencies to incorporate certain materials by reference without having to publish the entirety of the material within a rule (<u>R.I. Gen. Laws § 42-35-3.2</u>).

If agencies incorporate materials by reference within a regulation, that agency "shall maintain a copy of the material and shall allow public inspection of the material and provide copies of any non-copyrighted material to the public... If any material to be incorporated by reference has been copyrighted, the agency shall upon request provide information about the publisher and the citation to the material." (R.I. Gen. Laws § 42-35-3.2(e))

5.2.1.2.1 How to Incorporate Materials by Reference

To incorporate source materials by reference:

1. Create a section labeled, "Incorporated Materials".

NOTE: It is recommended for the consistency of regulations published in the RICR to insert this section between the "Authority" and "Definition" sections of a rule.

However, there may be circumstances where it is appropriate to incorporate materials by reference in the body of the Regulation. For example, when a material is referenced only once within that Part.

- 2. Create subsections for each source material to be incorporated.
- 3. Use the following language:

"These Regulations hereby adopt and incorporate [citation (date)] by reference, not including any further editions or amendments thereof and only to the extent that the provisions therein are not inconsistent with these Regulations."

- 4. Replace the bracketed language with:
 - a. The citation (§ 5.2.1.3 of this Guide); and
 - i. If citing materials published by nationally recognized scientific or technical associations or organizations, per the APA, include both the name of the association or organization and the title of the material in the citation.
 - b. The date of the code edition or scientific/technical material being cited in parentheses directly following the citation.

NOTE: The most recent version of the source material should be incorporated. If a rule references a prior year, changing the year is a substantive change that requires an Amendment.

Example Incorporated Materials Section:

3.3 Incorporated Materials

- A. These Regulations hereby adopt and incorporate 16 C.F.R. § 444.1 (2014) by reference, not including any further editions or amendments thereof and only to the extent that the provisions therein are not inconsistent with these Regulations.
- B. These Regulations hereby adopt and incorporate the American Medical Association's "Standards for Taking Blood Samples" (2001) by reference, not including any further editions or amendments thereof and only to the extent that the provisions therein are not inconsistent with these Regulations.
- C. These Regulations hereby adopt and incorporate the "National Geological Society Guidelines for the Safe Gemstone Excavation" (2015) by reference, not including any further editions or amendments thereof and only to the extent that the provisions therein are not inconsistent with these Regulations.

5.2.1.2.2 How to Cite Incorporated Materials

Once a source material is incorporated by reference, it may be cited within the body of the rule by citing the Incorporated Materials section.

To cite to the Incorporated Materials section:

1. Add the following language:

"[text referencing source material], incorporated above at § [number] of this Part."

- 2. Replace the bracketed language with:
 - a. The leading text that references the source material; and
 - b. The Subsection number of the specific incorporated material.

Examples of Citing the Incorporated Materials Section:

- (A) Phlebotomists must maintain their syringes in the manner prescribed in "Standards for taking Blood Samples", incorporated above at § 3.3(B) of this Part.
- (B) Geologists must mine for diamonds in accordance with "National Geological Society Guidelines for the Safe Gemstone Excavation", incorporated above at § 3.3(C) of this Part.

5.2.1.3 Direct Citation Formats

When including a direct citation within a rule, use the tables found in §§ 5.2.1.3.1 – 5.2.1.3.6 of this Guide to determine how to format the citation.

NOTE: If citing a rule that has not yet been filed with the Department of State and published in the RICR, cite the title of the rule enclosed in quotation marks instead of the citation formats listed below.

For example:

"Department of Health Rules and Regulations Regarding Health Care Workers"

Once the rule is filed and published in the RICR, the citation may then be changed to the formats found in the below tables via a Technical Revision (§ 3.3.6 of this Guide).

5.2.1.3.1 RICR: Same Title

For all citations to the Rhode Island Code of Regulations within the same Title as the Part the citation is in, use the following tables to determine the correct required citation format:

5.2.1.3.6 All Other Citations

For any citations not listed in this Guide, refer to <u>The Blue Book: A Uniform System of Citation</u> for how to format all other citations to ensure a consistent, uniform system throughout the RICR so other agencies and the public can easily identify and locate the original source.

If the citation includes an acronym, the full name should be written out in its first use within a Part and include the acronym in parentheses directly following. The acronym may then be used within the rest of the Part.

5.2.2 Definitions

Definitions are only permitted if:

- 1. The "Definitions" section is placed towards the beginning of the rule;
- 2. Each definition is given its own section and enumeration designation;
- 3. The sections are arranged alphabetically by the words or terms being defined;
- 4. Each section includes:
 - a. The words or terms being defined within quotation marks;
 - b. Capitalizing the first letter of the first word within the quotation marks, with all subsequent words lowercase, unless the words or terms being defined are proper nouns;
 - c. The word "means" directly following the words or terms being defined; and
 - d. The definition of the words or terms directly following the word "means".

Definition Example: "Writing" means a record inscribed on a tangible medium.

The following symbols may not be used within words or terms being defined:

- Dashes [- or -];
- Slashes [/ or \]; or
- Parentheses [(or)].

Instead, separate the words or terms by inserting the word "or" in between:

Incorrect	Correct
"Individualized education plan/IEP"	"Individualized education plan" or "IEP"
means	means

NOTE: Always cite the "Definitions" section itself within a rule, not to specific definitions. That way, if definitions need to be added when promulgating amendments, the "Definitions" section can be renumbered without invalidating citations to specific definitions.

5.2.3 Graphics, Figures, Images, and Maps

Graphics, figures, images, and maps are only permitted if the visual:

- 1. Fits within the margins of the rule;
- Is set to In Line with Text (right-click on visual > click Wrap Text > click to set style);
- 3. Is treated as a section by using the next level paragraph RICR style to align the visual with the previous section text;
 - For example, if the title or text above the visual uses RICR Paragraph 2, the visual itself should use RICR Paragraph 3 to align with the text, not the enumeration designation;
- 4. Has a title for interactive display accessibility (see below note); and
- 5. Includes Alt Text for accessibility and for those using assistive technology to access the rule:
 - a. To insert Alt Text, right-click on the visual and click View Alt Text;
 - b. Type text into the box describing the visual, its context to the section/rule, and include contact information where additional information can be requested and click X to close the side window. Do not use the "Generate alt text for me" feature.

Alt Text Example:

Visual:

1. Structural Shoreline Protection Standards for Coastal Greenways

Alt Text: "Image of land next to a building, the slope from the land to the coast, and the measurement for the coastal greenway, as described in § 2.2 of this Part. For additional information contact [insert contact information here]."

Visuals that contain only text must be converted to text, when possible, for public accessibility and to be searchable.

If visuals expand beyond the margins, they should be uploaded instead as an

appendix with a reference within the rule to view the appendix.

NOTE: Visuals should only be used when there is no other way of displaying the information, as they do not display interactively on the Part's RICR webpage, and will only display within the downloadable PDF in the Regulation tab.

Adding a title indicates a visual is there, and that the PDF should be viewed.

5.2.4 Hyperlinks

Hyperlinks are permitted to link to other Parts in the RICR, the Code of Federal Regulations, United States Code, Guidance Documents, forms published on an agency website, or Incorporated Materials, as appropriate.

Hyperlinks are only permitted if:

- 1. Links direct the user to the correct, active webpage; and
- 2. If linking to other Parts in the RICR, links go to the Part's RICR webpage, not the PDF, to avoid continuity issues if/when a rule is amended.

5.2.5 Table of Contents

Table of Contents (TOC) are only permitted if:

- 1. The rule is longer than thirty (30) pages;
- 2. The rule begins with the RICR citation information with the TOC inserted immediately following;
- 3. A page break, using **RICR Text** style, is inserted immediately after the TOC and the first heading of the rule begins at the top of the next page.

To insert a TOC:

 Click References > Table of Contents > choose a built-in TOC or custom TOC (if using custom TOC, Formats must be "From template"):

2. All TOC text must use Arial font and black (hex #000000) font color.

5.2.6 Tables

Tables are only permitted if the table:

- 1. Uses the RICR style RICR Text;
- 2. Fits within the margins of the document;
- 3. Is aligned with the text of the section, not the enumeration designation;
 - a. Correct:

Table is aligned with the paragraph text, not the enumeration designation.

Table Text 1 Table Text 2

b. Incorrect:

Table is aligned with the enumeration designation, not the paragraph text, and is not within the document margins.

Table Text 1 Table Text 2

- 4. Is added directly after text, and not as its own section (see below note); and
- 5. Abides by the following options:

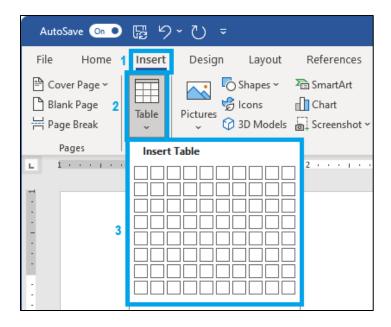

Permitted Prohibited
Borderless cells Partial borders
Shading

NOTE: Tables must be inserted directly below text with no hard returns in between, not as its own section, otherwise it will not display interactively on the Part's RICR webpage.

If need be, the text before the table may be just a title (i.e., "Table 1").

To create a new table, either complete step 1 or step 2:

1. Click **Insert** > **Table** and use the simple table creator to select the correct number of rows and columns by dragging the mouse over the boxes and clicking once the correct number of rows and columns are highlighted:

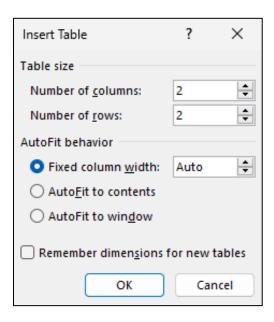

OR

2. Click Insert > Table > Insert Table:

a. Enter the number of columns and rows, ensure the AutoFit behavior is set to **Fixed column width: Auto**, and click **OK**:

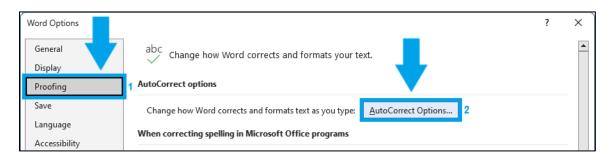

5.3 Prohibited Formatting

5.3.1 Automatic Numbering

Automatic numbering is not permitted.

If the document tries to initiate automatic numbering, turn off that feature within the document by completing the following:

1. Click File > Options and then click Proofing > AutoCorrect Options...:

- Circle Bulleting
- Hollow Circle Bulleting
- Square Bulleting
- Diamond Bulleting

- > Arrow Bulleting
- ✓ Checkmark Bulleting

5.3.4 Headers/Footers

Headers and footers are not permitted.

5.3.5 Manual Alignment & Spacing

5.3.6 Manual Emphasized Text

Using formatting for emphasis is not permitted, including:

- Bolded text*;
- 2. Italicized text*; and
- 3. Underlined text.

5.3.7 Page Numbers

Watermarks are not permitted within Final Rules.

Watermarks within **Proposed Rules** are only permitted if:

- 1. They do not impede the readability of the Rule; and
- 2. They are removed before submitting the Final Rule.

^{*}Permitted only for noted RICR style exceptions (§ 5.1.3.3 of this Guide).

6 RICR FILING SYSTEM

6.1 RICR User Role Types

There are three user role types within the RICR: the **Agency Head** (one (1) per entity), the **Rules Coordinator** (one (1) per entity), and **Filers**.

NOTE: For the cybersecurity of agency regulations, users <u>must not share login</u> <u>information</u>, which also ensures an accurate history log for each rule filed.

6.1.1 Agency Head

This user is the individual who has ultimate legal authority of the entity (<u>R.I. Gen. Laws</u> § 42-35-1) and signs rules into effect.

6.1.1.1 Updating the Agency Head

<u>Email the Administrative Records Office (ARO)</u> to request and complete the corresponding form to update the Agency Head, including evidence of the change, to be signed by the entity's legal authority.

6.1.2 Rules Coordinator

This user is the individual designated by the agency (<u>R.I. Gen. Laws § 42-35-2.1</u>) who has knowledge of the subjects of rules being proposed, maintains the rulemaking records, and responds to public inquiries, as their contact information is published on the Agency Info page in the RICR (<u>§ 2.6 of this Guide</u>). This individual is responsible for overseeing Filers, and for approving and advancing rules submitted by Filers.

6.1.2.1 Updating the Rules Coordinator

<u>Email the ARO</u> to request and complete the corresponding form to update the Rules Coordinator, to be signed by the entity's head or legal authority.

6.1.3 Filers

Filers may be any person approved by the agency to participate in the rulemaking process.

6.1.3.1 Adding Filers

The Rules Coordinator or Agency Head can add Filers in the RICR System (§ 6.4.3.2 of this Guide) or they may email the ARO to request and complete the corresponding form to add a Filer. Forms will only be accepted if submitted by the Rules Coordinator or Agency Head for the security of the agency's Regulations.

6.2.4 Terminating Rules

At multiple stages of the promulgation process (noted for each eligible stage in § 6.3 of this Guide), agencies have the option to terminate, which will discontinue the rule before it goes into effect.

If the rule has already started its Public Comment Period:

- 1. Anyone who receives Regulation Notifications (§ 2.7 of this Guide), including the public and other agencies, will receive notice of the termination; and
- 2. If an adoption was terminated, the Part number cannot be reused in the future due to how the RICR System tracks rulemaking, and the next sequential Part number must be used if starting over.

If the rule has not yet started its Public Comment Period:

- 1. No notification will be sent; and
- 2. If an adoption was terminated, the Part number can be reused in the future.

When terminating a rule, a reason for the termination is required for internal purposes only. The reason will not be published and will never be seen by the public.

Once a rule has been terminated, this action cannot be reversed.

If a rule still needs to be promulgated, the rulemaking process must start over.

6.2.5 Identifying the Promulgation ID

All rules promulgated in the RICR Filing System are assigned a Promulgation ID.

Always provide the Promulgation ID when communicating with the Administrative Records Office to ensure the correct rule is investigated if an issue arises.

To identify the Promulgation ID in the RICR Filing System:

- 1. When a rule is open (in any tab), look at the website URL in the browser.
- 2. The Promulgation ID is the five (5) numbers following id=####.

For example:

https://rules.sos.ri.gov/Dashboard/Landing?id=13121&act=p
The Promulgation ID is 13121.

To identify the Promulgation ID in the RICR:

 When a Part is open to the **Regulation** tab in the RICR, click **Download Regulation** to open the PDF:

- 2. Look at the website URL of the PDF in the browser.
- 3. The Promulgation ID is the five (5) numbers following **REG_#####**.

For example:

https://risos-apa-production-public.s3.amazonaws.com/SOS/**REG_13122**_20240424154529664.pdf The Promulgation ID is **13122**.

6.3.2 Filing FAQ

Where can the most recent version of a rule be downloaded?

See §§ 5.1.2.2 (Amendments) and 5.1.2.3 (Repeals) of this Guide for instructions to download the most recent version of a rule to draft an amendment or repeal.

What's the difference between the three rule tabs in the RICR Filing System?

- **Current Rules** displays all rules that are currently in effect and active in the RICR.
- Work Queue displays all rules that need agency action for the current step in the promulgation process.
- **Under Review** displays all rules that either need Department of State action for the current step in the promulgation process or rules that have been signed and are in the waiting period before going into effect.

How can I find out where in the promulgation process a rule is?

- 1. Log in to the RICR: https://rules.sos.ri.gov/.
- 2. Locate the rule in either the Work Queue or Under Review tabs.
- 3. Click on the rule and then click the **Approvals** tab to the right.
- 4. Identify which action is **bolded**.

The **bolded** action is the step that still needs to be completed. All previous actions will list the date the action was completed and the name of the user who completed the action.

Why can't I see the Advance icon to advance the rule to the next step?

Check to ensure all required documents have been uploaded by clicking the **Upload Documents** icon (paper with blue arrow), where all required documents are listed.

What can I do if the wrong file was accidentally uploaded in the RICR Filing System?

- For Regulation files:
 - The previously uploaded files cannot be deleted. Instead, upload the correct file. The most recently uploaded file will be the file the RICR uses.
- For any other file:
 - Click **Delete** next to the wrong file, then upload the correct file:

How can a rule be pulled back into an agency's Work Queue if it was accidentally advanced?

- 1. Log in to the RICR: https://rules.sos.ri.gov/.
- 2. Locate the rule in the **Under Review** tab.
- 3. Click **Reset** to the right of the rule:

4. Add a note as to why the rule has been reset, and click **Submit**:

Can the Notice of Proposed Rulemaking document be edited after it has been published in the RICR?

Once the Notice of Proposed Rulemaking has been published, it cannot be edited. Always check the generated PDF before publishing to ensure information is correct.

If an agency wishes to publish an additional Notice with updated information:

- 1. Log in to the RICR: https://rules.sos.ri.gov/.
- 2. Locate the rule in the **Work Queue** tab.
- 3. Click on the Generate Document icon (paper with magnifying glass).
- 4. Either Add >> an additional Public Comment Period, or << Remove and Add >> an additional Public Comment Period, fill out the form for the Public Comment Period information, click Generate, review the generated PDF for errors, and click Publish once ready.

The Agency Head never received the OneSpan email, now what?

Always check spam and junk folders to ensure security filters did not catch the email.

If the email still cannot be found, <u>email the Administrative Records Office (ARO)</u> with the Promulgation ID (§ 6.2.5 of this Guide) and Rule Citation so they can resend the OneSpan email.

Can a rule be pulled back a step once it has been signed?

Once a rule has been signed, it cannot be reset in any way. If changes to the rule are required, an Amendment must be promulgated.
